

Charitable Giving Opportunities

The mission of the Suzuki Violin School of Columbus – Worthington is a non-profit organization dedicated to providing high quality musical education for young children. The School, which embraces the Suzuki method of teaching, supports an intimate learning relationship between parent and child to access musical ability in even very young children by creating an environment that is nurturing, mutually supportive and fun.

The School is committed to offering access to families of all financial means to enable them to experience the joys of musical education. In doing so, we are interested in building a scholarship fund that will enable us to offer a variety of financial support to families. Your charitable giving dollars will be contributed to this fund so we can expand the reach of our program and provide access to families who may not otherwise be able to participate in the School's educational offerings.
